IN AWFUL TERROR

PEOPLE OF MARTINIQUE BEG TO LEAVE ISLAND.

SAY IT IS TO BE DESTROYED

THINK GOD ANGRY AND WILL SINK ISLAND IN SEA.

APPEAL TO BE TAKEN AWAY

APPALLING DESOLATION IN VICINITY OF ST. PIERRE.

Fort de France, Island of Martinique, Wednesday, May 21.—4 p. m.—Streams of frightened refugees have been pouring into Fort de France from all the surrounding country. These people are not destitute, but they are terrified. They want only one thing, and that is to be taken far away from this island, with which they say the gods are angry and which they will destroy by fire before it sinks under the sea.

The consuls here and the officers of the war vessels in the harbor are waylaid by persons crazed with fear and begging to be carried away.

The weather is now calm and beautiful, but the mountain is veiled in volcanic clouds, which often assume a very threatening aspect and occasional rumblings are heard. Some heavy and very welcome rain fell this morning.

THE DIXIE ARRIVES.

The United States steamer Dixie, Captain Berry, from New York, arrived today, after a quick and safe passage. Her passengers include many world-famous scientists. Prof. Robert T. Hill, government geologist; Prof. C. E. Borchgrevink, the Antarctic explorer; Messrs. George Curtis and George Kennan, and many magazine writers and correspondents are also among those who arrived on the steamer.

The Dixie began landing her enormous cargo of supplies early and the storehouse on shore soon became congested, and this is the greatest difficulty of the administration.

The United States steamer Potomac went to inspect St. Pierre, with the commanders of the war vessels now here. With the greatest difficulty the party succeeded in making a landing. The effects of the outburst yesterday were tremendous. The huge battle towers of the cathedral were hurled flat to the earth. The bombardment of volcanic stones is not sufficient to account for this, and all evidences point to the passage of a furious blast of blazing gas, traveling at enormous speed and with incalculable force. The deposit of boulders, ashes and angular stones is enormous. Not a human being saw what happened at St. Pierre yesterday morning. Fort de France is overwhelmed.

ERUPTION CONTINUES.

The people are convinced that God is angry with the island and means to scourge it with fire and then sink it in the ocean. Utter and unreasoning fear possesses all souls. Even Fort de France is believed to be unsafe. The presence of the relief ships, however, is helpful to the people, who say, "The American flag makes safety."

The Potomac could not approach close to St. Pierre. The Dixie will sail tomorrow for St. Vincent, but the other vessels will remain.

The scientists who have arrived will examine into the question of the danger of the peaks of Carbet, near Fort de France, becoming active volcanoes. The outburst of yesterday probably means a ruined island, as all confidence is lost.

"We want not food, but only to leave," is the cry of rich and poor.

THEY WANT EXTENSIONS.

Residents of the extreme southern portions of the city are very much in earnest in their desire for extension of street railway lines so that a vast territory in that section of the city may have the advantage of rapid transit. A line on South Broadway is deemed as particularly essential, and citizens have called a meeting to discuss ways and means of securing the extensions. The meeting will be held at Park avenue and Broadway at 8 o'clock tomorrow evening.

SCHWAMTZ—WRIGHT.

Miss Clara Wright and Francis Schwantz were married at St. Patrick's church this morning, Rev. J. F. Delaney officiating. The ceremony was performed at 9 o'clock, high mass being celebrated. The attendants were Miss Alice Wright, a sister of the bride, and William Hupple. A wedding breakfast was served at the home of the bride's parents, Mr. and Mrs. Daniel Wright, of Home avenue, and later the bridal couple left for their home in Chicago.

WILL PLAY CONCORDIAS.

The Library Hall Athletic association team will play the Concordias Saturday afternoon on the college diamond. The Library Halls will line up as follows: Voirol rf, W. Baldy 3b, Ryan lf, Belger 2b, J. Baldy ss, O'Connor 1b, Hudry cf, Welsh c, Lauer p. The Library Hall team is open to challenges from any team. Address, Library Hall Athletic association.

WAS FILLING CELLARS.

A leak from the natural gas mains on Calhoun street, between Main and Columbia streets, which has been giving trouble for several days, was located this morning. So extensive was the leak that the cellars of a number of business houses in that vicinity were filled by gas.

A PROMISE OF CANAL WATER

CHAIRMAN OF WATERWORKS BOARD MAKES IT.

Says Supply at No. 1 and No. 2 Stations is Not Sufficient to Hold Reservoir Secure.

At a late hour this afternoon Chairman Keough, of the board of water works trustees, said to The Sentinel that the water supply question at present is a serious one; that the Ross street station is not in operation at all and had to be abandoned; that the Van Buren street station is pumping about two and a quarter million gallons per day, which is the limit of the working capacity of the pumps and machinery and that to load it further would endanger the service from that station altogether; that No. 1 station is pumping about one and one-half millions per day and that that is all the visible supply of water. He stated further that relying upon prospects of rain tonight no order would be given to turn water into the mains from the canal, but that unless conditions improved within eighteen hours canal water would again be turned into the city's supply. This extremity, he said, can be avoided only by strict economy on the part of water consumers and unless the water level in the reservoir reaches a normal stage by morning and is kept there the canal will have to be again resorted to to provide against possible emergencies in cases of fire within a day.

Chairman Keough further corrected a statement made in The Sentinel saying that the Holly works would ship the big engine May 28—the engine will not be shipped before June 28, which will leave the city practically without water until some time in the neighborhood of Aug. 1.

SYNOD SENDS A COMMITTEE

MAKING AN INSPECTION OF CONCORDIA COLLEGE.

Will Pass Upon Trustees' Request for Large Funds for New Buildings.

Rev. C. A. Schmidt and Mr. Brockman, of St. Louis; Mr. Hahn, of Milwaukee, and a Chicago architect, arrived in the city this morning. The gentlemen constitute a committee representing the Missouri Lutheran synod, and are sent to Fort Wayne to pass upon the request of the local board of trustees for a substantial fund for completely rebuilding Concordia college.

The committee, accompanied by Rev. Jacob Miller, H. C. Paul, J. M. Landenberger and C. J. Scheimann, the trustees, and Architect J. M. E. Riedel, this morning began a thorough inspection of the college buildings, and are yet at work this afternoon.

Nothing can be learned of the probable report the committee will make to the synod, but it is certain that it will have an important bearing upon the decision of that body, which will meet in Milwaukee early in June.

Capt. Ivers W. Leonard will lecture at the Wayne Street M. E. church this evening on "The Filipino and His Home." Captain Leonard's long service in the regular army in the Philippines has given him an intimate acquaintance with his subject and his address is sure to be of intense interest. No admission will be charged and the public is invited.

A SHORT DEBATE

GENERAL ASSEMBLY ADOPTS REVISION REPORT.

BUT TWO NEGATIVE VOTES

EXPECTED DISCUSSION IS VERY BRIEF.

REV. DR. MINTON'S REMARKS

QUESTION NOW GOES TO THE PRESBYTERIES.

New York, May 22.—The general assembly of the Presbyterian church today adopted the report of the committee on creed revision making changes in the confession of faith. This action, which was practically unanimous, was taken with little or no debate. The changes proposed will now go to the various Presbyteries for ratification. When the report was presented last Friday a motion for its adoption was made at once, but the vote was deferred until today. As was to be expected, the prospect of an interesting debate on creed revision attracted a crowd which filled the galleries solidly and when the doors of the ground floor were opened, all the seats not reserved for commissioners were occupied at once.

THE MODERATOR SPEAKS.

Rev. Dr. Henry Vandyke, the moderator, before the hour set for consideration, spoke for a moment. "I do not believe that my task as moderator is to be a difficult one," he said, "but it is a delicate one. In this chair where you have put me, I want to say that I am not a member of any organization or any committee. I am plain Presbyterian and your moderator—your servant. I want to plead that this discussion be carried on in the spirit of good-fellowship. Have nothing either rushed through or delayed. The matter before us is a simple proposition. The assembly of 1901 appointed a committee to do a particular thing. What you have to pass on is not whether that certain thing should be done, but whether the committee has done it to your satisfaction."

On motion the privilege of the floor was extended to the members of the committee who were not commissioners.

On motion of Rev. Dr. David O. Wylie, speeches on the report were limited to ten minutes, except that of the committee chairmen.

Rev. Dr. James G. Moffatt then moved the adoption of the eleven overtures to be sent to the Presbyteries.

CHAIRMAN MINTON TALKS.

Rev. Dr. Henry C. Minton, chairman of the revision committee, spoke for the report. He would not, he said, argue the merits of the whole report, but would speak of the especial considerations which influenced the committee. They were guided, in the first place, by the work of the committee of 1892. The presumption, of course, was always in favor of the explicit orders of last year's assembly. There were two elements on the committee, he explained, those who preferred to make all amendments by verbal modifications, and those who wished to make the changes by separate declaratory statements. Obviously there had to be some yielding, and it was not all on one side. "The misapprehensions as to the confession," continued Dr. Minton, "have come from two causes, first the unguarded statements in the confession itself, and, second, unwarranted influences from the confession. In the first cases verbal changes would be the remedy. In the second, declaratory statements were necessary."

The entire report was adopted and the session was closed with an impressive devotional service in which Rev. Dr. Johnson, of Chicago, and Rev. Dr. Dickey offered prayer and Dr. R. H. Booth, of this city, pronounced the benediction.

REV. OECHTERING TO PREACH.

Rev. J. H. Oechtering, of St. Mary's Catholic church, will go to Michigan City to preach the funeral of Sister Agneta, who died in that city Monday night. Of the death of Sister Agneta, who was born in this city, the Michigan City Dispatch says:

Sister Agneta, one of the corps of instructors at St. Mary's parochial school, passed away last night at the sister home at the school house after an illness of some eight weks' duration. Death was due to heart trouble. The sister had been hovering between life and death for some days and her demise was not unexpected. Sister Agneta was a native of Fort Wayne and her name was Annie Baker. She joined the order of Sisters of Notre Dame at Milwaukee in 1884 and had devoted the last sixteen years of her useful life to teaching. She had been an instructor at St. Mary's in this city the past four years and she was universally beloved by her pupils and all who became acquainted with her. She is survived by two brothers and two sisters, namely, Rev. Father George M. Baker, of Alexandria; Joseph Baker, of Fort Wayne; Sister Helen, of St. Louis, and Mrs. Kohrmann, of Fort Wayne. The sister was thirty-seven years of age. The funeral will be held from St. Mary's church Friday morning at 9 o'clock. The solemn office for the dead will precede the funeral service. At the funeral Rev. Father Baker will celebrate solemn requiem high mass and he will be assisted by a number of visiting clergy, and the interment will be in Calvary cemetery.

LAY SUFFERING FOR HOURS

LOUIS FRIDAY BREAKS HIS LEG IN A FALL.

Helpless Victim Not Found for Many Hours—Little Child of Judge Louttit is Injured.

Louis Friday, residing at Brandriff and Webster streets, broke his leg by a fall in the barnyard at his premises last night, and he lay helpless for many hours before his condition was discovered.

Friday, who is about twenty years of age, was about the barnyard, some distance from the house, last evening, when he tripped and fell. His absence was not noticed by other members of the family, and unable to help himself, he lay until discovered by Officer Petgen at 8 o'clock this morning. He was removed to the house, where Dr. Nieschang reduced the fracture. Both bones of the right leg were broken a short distance above the ankle.

LITTLE CHILD HURT.

The infant son of Judge and Mrs. G. W. Louttit fell down a stairway at its home this morning and sustained severe injuries to its hip. The little sufferer is but eighteen months old. It is under the care of Dr. Van Buskirk.

NEW MANAGER IS APPOINTED

FOR FOX BRANCH NATIONAL BISCUIT COMPANY.

J. H. Plum, of Indianapolis, Succeeds Louis Fox—Will Assume New Duties June 1.

J. H. Plum, of Indianapolis, has been appointed manager of the Fox branch of the National Biscuit company to succeed Louis Fox and will assume his new duties about June 1st. Mr. Plum arrived in the city Tuesday evening to become acquainted with the affairs of the branch before assuming the management.

Mr. Plum is one of the most energetic and successful managers connected with the National Biscuit company. He has had many years' experience in the cracker and cake business, having built up a large business in Bay City, Mich., which he sold out to the United States Baking company a few years ago. Mr. Plum was made manager of one of the branches of the National Biscuit company in Indianapolis soon after the two great baking combines amalgamated.

Mr. Fox has been in the cracker business since 1877, at which time he bought out the interests of his brother, Joseph V. Fox, who was in partnership with Mr. Trentman. Mr. Fox assumed control of the concern on June 1st, 1877, and retires on the first of next month after twenty-five years of continuous service. Mr. Fox sold out to the United States Baking company in 1890, but was retained as manager, continuing in that capacity after the amalgamation of the United States and National Biscuit companies. He has been a member of the board of directors of the National Biscuit company for a number of years and will retain his large holdings of stock after his retirement.

Mr. Fox has not yet definitely decided on his future movements, but does not expect to again enter active business life. He will go to his summer home at Rome City the early part of next month and remain until late in the summer. Mr. Fox will retain office room at the bakery and will devote his time to his various business interests.

BURNED AT STAKE

A TEXAS MOB INCINERATES A COLORED RAPIST.

WRETCH CONFESSES CRIME

A GREAT THRONG WITNESSES THE BURNING.

EXCURSION TRAIN IS RUN

VICTIM SAYS CRIME WAS DELIBERATELY PLANNED.

Dallas, May 22.—At 12:15 o'clock the negro Dudley Morgan, who is alleged to have criminally assaulted Mrs. McKay, wife of Section Foreman McKay, at Lansing, Texas, was burned at the stake at Lansing.

According to a telegram from Hallville, the nearest telegraph station, he was captured this morning and taken before Mrs. McKay for identification. His last statement just before the fire was applied was: "Tell my wife good-by and tell her how I went. Tell her I was guilty of the charge and it all occurred on account of Whaley Hurd. He persuaded me to do it and said he would do the same. We planned it at the section house before daylight Saturday."

Morgan, it is alleged, assaulted Mrs. McKay at Lansing switch last Saturday morning. He was captured near Mount Pleasant by a posse with bloodhounds.

At Marshall when the train pulled in there was a great mob to meet the negro and all the available coaches in the yard were attached to the train to carry the people wishing to go to Lansing.

When the train reached Hallville there was no room in either of the coaches, baggage or engine.

At Lansing the train was met by a great crowd from the surrounding country and the mob which went from here numbered nearly four thousand people.

Preparations had been made to burn the negro and some sort of a trial was outlined by the mob and the time for the execution was placed at between 1 and 2 p. m.

Arriving at Lansing the miserable negro moved in a mechanical way wherever he was pushed and seemed to be dazed by his awful surroundings.

The train crew who witnessed the burning say the sight was indescribable. It seemed like everybody had a weapon and that a great slaughter might be precipitated by the slightest adverse movement.

The negro acknowledged the crime and implicated Whaley Hurd, a negro who was hanged at the beginning of the chase, and who exchanged clothes with Morgan.

A COMMITTEE OF INQUIRY

COUNCIL TO SEEK LIGHT ON PUBLIC LIGHTING.

Jenney Company's Proposition Debated in Committee of the Whole With That Result.

The council, sitting as a committee of the whole, met last evening to consider electric lighting propositions, with Chairman Hosey in the chair and all members present excepting O'Ryan, Miller and Foellinger. Member Hench was designated as secretary and then before any business was transacted Mayor Bergdoll was called upon to make a statement for the committee's information.

The mayor read his plan, already freely promulgated through the press and by other means, and gave his personal views upon the question of municipal ownership of electric lighting plants. Nothing particularly new was evolved, but the mayor recommended the committee to proceed cautiously and deliberately; to carefully examine every phase of the proposition and then act. He spoke modestly of his own views and said that he offered them, not for the purpose of influencing the council, but for the purpose of giving out such information as he was possessed of.

Member Ehrman then offered a resolution which, before reading, was warmly debated. It was argued that a resolution had no business in the committee; that motions could always be entertained, but that a resolution had no business before the committee. The chair was asked to decide the question and appeals and other things were threatened.

Finally Member Lennon, who first started the opposition, withdrew his objection and the resolution was read. It proved to be a harmless sort of a document after all and provided simply that the chair should appoint a committee of five to make inquiry as to cost of lighting in other cities, the cost of building, operating and maintaining electric light plants, the expense and earning capacity of the Jenney plant and such other matters as might be of advantage to the general committee in the end.

Pending the vote on the question of the appointment of the committee, Member Sordelet took occasion to deliver a speech upon the subject of electric lighting in general and municipal ownership in particular.

Then the committee took up the resolution and after a number of amendments, substitutes, counter-motions and other feats of parliamentary filibustering the resolution carried after being changed to provide for a committee of six members from the committee with the chairman, the mayor and the city attorney added.

The chair appointed Members Hench, Baade, Ehrman, Glenn, Lennon and Sordelet as the committee. No date has yet been fixed for a meeting of this new sub-committee.

RESERVOIR GOING DOWN.

The waterworks trustees held a meeting last night to discuss the water situation. The reservoir level is steadily going down and there is no prospect of having the new machinery, provided last winter, installed much before July 1. The city has done its part, in providing wells, mains and extensions and the Base company will be ready to install the new compressors and compresser engines on time, but the Holly manufacturing company, awarded the contract for furnishing the big pump, will be woefully behind time. The forfeit of $25 a day against the Holly people will not cut much figure in the way of furnishing water and the board is forced to ask the public to use water as sparingly as possible until the contemplated improvements are completed. It is early to commence this sort of pleading, but the board assures The Sentinel that it is urgently necessary.

CITY HALL NOTES.

The committee on health and finance will meet this evening to consider the question of providing the health department with funds to carry out the campaign against contagious diseases.

At the meeting of the board of works this evening the kickers against the assessment rolls for the opening of Sherman and Oakland streets, in the Ninth ward, will be heard. The session is supposed to be an interesting one.

City Engineer Randall was today engaged in giving the Southwestern Traction company its grade lines on Pearl street, where grading is actively in progress.

W. C. T. U. WORKERS MEET.

The Allen County W. C. T. U. institute opened at Plymouth Congregational church this morning with a short business session. Some minor matters of business were disposed of, and the delegates listened to a brief talk by Rev. Alice Palmer, national field secretary of the W. C. T. U. The attendance this afternoon was a disappointment to the W. C. T. U. workers, fewer than a dozen ladies being present. Mrs. Palmer opened the meeting with a devotional service and followed with an outline of the plans of the state and national W. C. T. U. Mrs. Palmer stated that the state W. C. T. U. was prepared to give prizes to school pupils for essays on temperance work, if the school authorities will assist in the work. The national plan discussed by Mrs. Palmer is the raising of a Frances Willard fund for the furtherance of temperance work in the south and in the new possessions. Other papers were read by Mrs. Shoemaker on "God's Plan of Finance," and by Mrs. J. K. Carpenter on "Literature." The devotional exercises this evening will be led by County President Mrs. Emily McIntosh and Mrs. Palmer will make an address.

GETS BIG CONTRACT.

Ed Helmke, jr., proprietor of the Central Furniture factory, has secured the contract for the office fixtures for the Fort Wayne and Toledo offices of the Pacific Express company. Mr. Helmke expects to get the Lafayette contract and others from the company. The contract price is in the neighborhood of $1,000. The Fort Wayne office of the express company will be located next to the Kuhns abstract office on Court street.

All young women who are willing to become members of a Young Women's Christian Temperance union, are requested to meet with Mrs. Palmer in Plymouth Congregational church Friday afternoon at 4 o'clock to arrange for organization.

STEELE LAID OUT

FRED J. LANDIS NOMINATED IN ELEVENTH DISTRICT.

OVER 1,000 BALLOTS TAKEN

STEELE HELD HIS OWN TO THE END OF THE FIGHT.

REMARKABLE BATTLE ENDED

HUNTINGTON BROKE TO THE LOGANSPORT MAN.

(Special to The Sentinel.)

Wabash, Ind., May 22.—Fred J. Landis, of Logansport, was nominated for congress by the republican convention of the Eleventh congressional district today on the 1018th ballot.

After one of the most stubborn contests in the history of Indiana politics the young Logansport lawyer laid that veteran campaigner and the present incumbent, Major George W. Steele, low in the dust and walked away with the honor that had been struggled for during the greater part of two days.

The convention met this forenoon at 11:30, the delegates looking jaded and haggard after the nearly all-night session of fruitless balloting, but determined and loyal to their favorites.

The first ballot today, the 990th, showed no change from the situation as it was at 8 o'clock this morning, when the convention adjourned. As the voting went on, Steele holding his loyal guard of fifty-two votes without a break, but with no accessions. Shortly after noon the break came in the deadlock. A conference was held by the friends of Hon. Carey E. Cowgill, of this city, and Dr. Charles E. Good, of Huntington county.

DRIFT TO LANDIS.

The drift was toward Landis on the next ballot. On the next came the real break. Huntington county threw her twenty votes to the Logansport man and Wabash county followed with twenty of the twenty-two solid votes that had stood by Cowgill, the other two going to Steele. That ended the fight and Landis was nominated amid an enthusiasm that literally beggared description.

There was little patience for speeches, the haggard and worn-out delegates as well as spectators breaking from the big tent where the convention was held and starting for home with all speed.

The balloting began at 4 o'clock yesterday afternoon and continued practically without change throughout the night. With dogged determination the county delegates stood by their favorites and every effort made to get the divided field together against Steele was futile.

ADJOURNED AT 3 A. M.

The convention stood at "deadlock" until 3 o'clock this morning. Nine hundred and twenty-seven ballots were taken, resulting in no choice and practically no change. The tired delegates were given a recess until 11 a. m. today. Steele had held 52 votes since the forty-seventh ballot.

The nine hundred and twenty-seventh ballot stood—Steele, 52; Landis, 25; Good, 32; Cowgill, 30.

The anti-Steele candidates seem unable to settle on a candidate, but stuck to their own individual choice. There had not been a change exceeding four votes since the forty-eighth ballot.

FILES ANSWER IN DENIAL.

Indianapolis, May 22.—(Special.)—The defendants in the case of Townsend, Reed & Co. vs. Fort Wayne and Southwestern Traction company, today filed in the federal court an answer, making general denial of the plaintiff's charges. The case has not been set for this term. The suit arose over a disputed account for material used in the construction of the line by Townsend, Reed & Co. Defendants claim full payment was made when the road was purchased from the constructing company.

FRED MYERS HURT.

Frederick Myers, proprietor of the Washington street livery stable, was slightly injured in a runway this morning. His horse became frightened at a car on Calhoun street near Main and in trying to control the animal one of the lines parted and the horse ran on the court house sidewalk, colliding with a water plug. One of the wheels was torn off and Mr. Myers was thrown out. The horse ran a short distance north, but was captured by a bystander.

"THEY'RE GOOD."

Good to take, good in taste and good in their effects; gratefully received and greatly entertained by our impoverished systems.

DR. JOSEPH ENK'S HOMEOPATHIC PREPARATION NUMBER 10 FOR COLD IN THE HEAD

Acute catarrhal conditions, with inflammation of the mucous membrane of head and throat, with or without cough. Enk's remedy for a common cold gets from inside. Does not suppress a cold and has it in the system to come up on some future time, but removes it entirely without any after effects. Quick and in action, two or three doses relieving a bad cold in not many hours. Used from inside at the beginning of a cold will abort it at once.

W. V. Macy, drowning agent for the American Steamship Co., on the Pacific Coast, says: "There is no other remedy that even approaches your No. 10 for a cold. I think I have tried most of them and have been of physicians' prescriptions. My first experience with it I shall always remember. I took my first dose in a Pullman car railway train in the Cascade canyon, and went to sleep shortly after. I woke up at Logan's port, one hundred miles north, without a trace of a cold. In Chicago I had removed all day, my nose was completely obstructed and runny, my eyes were inflamed and watery, in short I had the start of a very bad cold. I have since used it many times and it has never failed me."

DeKalb county old settlers will hold their annual reunion at Waterloo, June 19. Congressman Robinson and C. C. Gilhams, the republican nominee for congress, are among the speakers. The association is preparing to erect a monument to the memory of Mr. and Mrs. John Houlton, the first settlers of that county.

MEETING WITH SUCCESS.

The committee appointed by President Bulson to solicit funds for the erection of an art school is meeting with much encouragement and in the past three days the sum of $1,300 has been promised. Although the sum thus far obtained is but a small part of what is wanted, it has been subscribed by a few citizens, and it is believed that the required amount will be raised without difficulty. The committee on sites reports that a number of very desirable locations can be obtained, and a formal report with recommendations will be made soon. Those who have subscribed thus far are: Miss Margaret V. Hamilton, E. A. K. Hackett, S. M. Foster, H. C. Paul, W. H. Hoffman, P. A. Randall, Charles S. Bash, Mossman, Yarnelle & Co., Beadell & Co., Dr. A. E. Bulson, Louis Fox, W. P. Breen and G. E. Bursley.

THE PEOPLE'S STORE.

A THOROUGH COMPARISON OF QUALITY AND PRICE

In each of the departments of this popularly approved shopping headquarters will establish in the public mind, more substantially than ever, the very evident fact that AT ALL TIMES THE OPPORTUNITIES HERE FOR REAL, PRACTICAL ECONOMY ARE UNEQUALED. Added to this is the pleasure and the satisfaction afforded in the unrivaled extensiveness of the stocks, their thorough completeness and the unquestioned desirability of the merchandise at every price—no matter how low. The rapid and constant strides of this great salesroom in public favor, are the natural consequence of knowing that in each and every instance the best equivalent is received for the expenditure—genuine values that will readily prove their sterling worth in the home test.

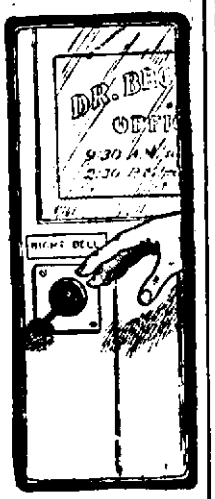
THE CORK OR THE DOOR BELL?



Calling the doctor is a comparatively easy thing for the rich and well-to-do. But how about the man who has to stop and count the cost? Health is an absolute necessity for the wage-earner but—how can he afford to ring the doctor's door-bell every time that sickness shows its head? Isn't there a middle course? Earnestly and emphatically we say there is.

LEROUX'S
BLOOD REMEDY
"The People's Doctor"

is effective in 75 per cent of all the ailments that affect mankind, because 75 per cent of those ailments begin in the blood. This isn't merely our say so—it has been proven positively in hundreds of cases right here at home. Pulling the cork from a bottle of Leroux's Blood Remedy is less expensive than pulling the doctor's door bell. Try the one and you will have no need to try the other.

Read this Positive Proof from Your Own People:

I have received benefit from Leroux's Blood Remedy. It has given me a good appetite.
D. Benz, 36 Barthold Street.

I have taken Leroux's Blood Remedy for nervousness and am satisfied that it has done me a great deal of good, and trust that its merits may be extended to others.
Peter Sunderland, 13 Custer Ave.

Leroux's Blood Remedy has helped me wonderfully. I am well satisfied with it.
Mrs. M. McVey, 3 Degroff Street.

I have used Leroux's Blood Remedy and find it good.
Jesse James, 45 Pontiac Street.

I have used Leroux's Blood Remedy and am highly pleased with the results. It will do all that you say. I took it for Catarrh and Rheumatism. I recommend it to all others that are so affected.
O. Smenners, 36 E. Fourth Street.

"NO FRILLS."

Just Sensible Food Cured Him.

Sometimes a good, healthy commercial traveler suffers from poorly selected food and is lucky if he knows that Grape-Nuts Breakfast Food will put him right.

A Cincinnati traveler, John N. Case, jr., says: "About a year ago my stomach got in a bad way. I had a headache most of the time and suffered misery. For several months I ran down until I lost about 70 pounds in weight, and finally had to give up a good position and go home. Any food that I might use seemed to nauseate me.

"My wife hardly knew what to do until one day she brought home a package of Grape-Nuts and coaxed me to try them. I told her it was no use, but finally to humor her I tried a little and they just struck my taste. It was the first food that I had eaten in nearly a year that did not cause any suffering.

"Well, to make a long story short, I began to improve and stuck to Grape-Nuts. I went up from 135 pounds on Dec. 24th, 1900, to 194 pounds on Oct. 5th, 1901.

"My brain is clear, blood all right, and appetite too much for any man's pocketbook. In fact, I am thoroughly made over and owe it all to Grape-Nuts. I talk so much about what Grape-Nuts will do that some of the men on the road have nicknamed me 'Grape-Nuts,' but I stand today a healthy, rosy-cheeked man, a pretty good example of what the right kind of food will do.

"You can publish this if you want to. It is a true statement without any frills."

Tired Out

That's nothing. Every one is tired at times. The trouble is you can't get rested. It's your impure blood that makes the disturbance. Try Ayer's Sarsaparilla. Your doctor will tell you what is in it, and why it will help you so promptly.

"I suffered terribly for 12 years. The doctors said my blood was all turning to water. At last I tried Ayer's Sarsaparilla, and was soon in the best of health again."
Mrs. J. W. Fiala, Hadlyme, Conn.

40. All druggists. J. C. AYER CO., Lowell, Mass.

Mrs. Charles Bond, 106 Baker street, assisted by Mrs. George Sayior and Mrs. M. S. Willson, will entertain the ladies of Plymouth church Friday afternoon at 2:30 o'clock.

WILL CURE CONSUMPTION.

A. A. Herren, Finch, Ark., writes, "Foley's Honey and Tar is the best preparation for coughs, colds and lung trouble. I know that it has cured consumption in the first stages." Sold by Dreier & Bro. and Fellens & Polster.

The "Geo. H. Wilson" residence, on Home ave., was sold to Albert Huser through the Gregg Davis Real Estate Agency.

Our name on a piece of jewelry, or silverware, is a guarantee of its excellency. Dallas F. Green, Arcade Jeweler.

Masonic Temple—Tonight, "'Way Down East."

Uncle Sam may well go slow in concluding his bargain for the Danish West Indies. There will probably be a fire sale of islands in that quarter of the world before long, with all European governments marking their entire stocks way down.

Again is heard the threat to turn canal water into the city mains. A year ago, when the so-called water famine came on, we urged that steps be taken promptly to prevent a recurrence of the distresses of previous seasons of drouth. We stated a year ago, and it was true, that while there was then plenty of time to get ready for the dry season this year, there was no time to waste. And there was not.

Bishop William Taylor, who died in California this week at the age of eighty-one years, probably had labored longer, harder and more continuously to spread the doctrine of the Christian religion among benighted races of mankind than any other man who has devoted his life to carrying the message of the gospel. He was born in Virginia in 1821 and was brought up to the trade of a tanner. In early life he united with the Methodist church and engaged in its ministry, his work at once being marked with the zeal and tirelessness that were distinguishing characteristics of his labors until failing health forced him to retire from missionary activities. When those countries were wildernesses peopled only by savages, he traversed Australia, Tasmania and New Zealand. He spent many years among the savage blacks of Africa, laboring specially among the Kaffirs, and achieving most marked success as a missionary. In 1881, as a reward for his services, he was created bishop of Africa by the Methodist church. He also had worked extensively in India as a missionary and after his appointment as bishop penetrated the savage countries of the Congo. A few years ago he lost his health and was compelled to give up active labors and retired to California to live. His published works are numerous, interesting and exceedingly valuable.

HIGH SCHOOL FIELD DAY.

The annual field day exercises of the Fort Wayne high school will be held at the Driving park on Friday afternoon, June 13. The sports committee is arranging a program which will consist of the appended events, subject to change. The feature of the day's games will be the class relay race, to be participated in by teams of four from each class. The distance will be half a mile, 220 yards for each man. No participant will be awarded a letter if he scores less than fifteen points. The events are as follows: Fifty-yard dash, putting twelve-pound shot, 100-yard dash, half-mile bicycle race, pole vault, 220-yard dash, running high jump, hammer throw, 440-yard dash, running broad jump, half-mile class relay, two-mile bicycle, open, 120-yard hurdle, standing broad jump and half-mile run.

DAMAGES FIXED AT $300.

(Huntington Democrat.)

Appraisers at Wabash have assessed the Fort Wayne and Southwestern traction company $300 for crossing the Wabash tracks at a point this side of Wabash. This amount, it is thought, will be sufficient remuneration to the railroad for damages entailed. Construction work continues on the western end of the line and the force is now on the long grade which crosses the Big Four railroad.

BRIGHT'S DISEASE AND DIABETES POSITIVELY CURABLE.

They are curing Bright's Disease and Diabetes in California. The percentage of efficiency (recoveries) in these hitherto incurable diseases averages as high as 87 per cent. The details of the investigation and demonstration of the new compounds are so conclusive that we at once sent for a bundle of the reports and for the new treatment for urgent cases in this city. Call or send for one of the reports at Meyer Bros. & Co.'s drug store. m17-eod-13t

ON MEMORIAL DAY.

Anthony Wayne post, G. A. R., has completed arrangements for the Memorial day exercises. At 7 a. m. a committee consisting of Allen H. Dougall, John W. Hayden, Crawford Griswold, Amos B. Walter, F. W. Keil, George W. Aldrich, John W. Vordermark, William E. Wood, E. S. Johns, David C. Sutton, Conrad Bricker, Daniel Hickman and Thomas C. Beals will go to Lindenwood cemetery to decorate the graves of old soldiers. At 9:30 members of the post will meet in G. A. R. hall and march to Lawton park, where Col. R. S. Robertson will deliver an address at the decoration of the soldiers' monument. The members will again assemble at the hall in the afternoon to take part in the parade to Lindenwood. In the evening there will be a post camp fire in the hall, at which the roll of honor will be called.

DECORATION DAY ROAD RACE.

A. L. Randall will give a road race on Decoration day and the lists for the event are now open. Mr. Randall has given a road race every Decoration day for a number of years and this year's race will be equal in every respect to the others. The course will be over the Coldwater road, the starting point being the intersection of the Leo and Coldwater roads. The race will be five miles out and back and the riders will be paced on a motorcycle ridden by Nelson McLain. About fifteen wheelmen have already entered and the lists will be open to riders until Monday, May 26. The first prize will be a Yale bicycle. The total prize list will amount to about $100 in value.

LIKE A DROWNING MAN.

"Five years ago a disease the doctors called dyspepsia took such hold of me that I could scarcely go," writes Geo. S. Marsh, well known attorney of Nocona, Tex. "I took quantities of pepsin and other medicines, but nothing helped me. As a drowning man grabs at a straw, I grabbed at Kodol. I felt an improvement at once and after a few bottles am sound and well." Kodol is the only preparation which exactly reproduces the natural digestive juices and consequently is the only one which digests any good food and cures any form of stomach trouble. Mull's Grape Tonic

Combines the life-giving, health-promoting qualities of the juice of the grape, with fruits and herbs. It is nature's own tonic, and is as delicious in taste as it is pleasant in effects. It is an ideal medicine—a **CRUSHED FRUIT LAXATIVE.** It is called in Germany the

TRAUBENKUR OR GRAPE CURE.

These famous cures along the river Rhine are working wonders in the cure of disease by the administration of the juice of the grape in certain combinations. Mull's Grape Tonic contains the best elements of the Trauben Kur, combined with the curative herbs, and you have all its advantages by getting a large bottle of your druggist for 50 cents.

It cures Constipation, Bowel and Stomach Troubles, builds up the weak and enervated, and works wonders with ailing women, invalids, and sickly children. It cures not by violent and sickening purging, but by gently opening the clogged channels of the body and permanently curing, by restoring the normal functions, at the same time it is a blood-making, strength-building tonic, acting as well on the stomach, liver, kidneys and nerves. The benefits are apparent from the first dose.

If You Are Looking For Some Special Thing

In apparel for either man or boy, and have shopped in the other stores in this town, and have not found it,

...COME TO US...

It's "a hundred to one" that we've got it. Our aim is to be continually on the look out for the "unusual" in Hats, haberdashery and clothing. The Fort Wayne boys are not afraid of the "new things" and you can depend upon it that

...Anything that's New...

Finds its way into our store very soon after it leaves the hands of the maker. In fact we aim to make our store a place for people to come and see what the latest styles are in men's wearing apparel.

Straw Hats, Negligee Shirts and Outing Suits

Are the things the boys are after this week. Don't buy a hat, shirt or suit until you see our line, and then we will agree to not even ask you to buy ours.---WE WON'T NEED TO.

The two cuts show the two leading styles in our "Outing Suits." We have hundreds of patterns from $5.00 to $18.00 a suit. The patterns are beautiful, some very stylish effects in homespun cloths, nun's cloths and Scotch cheviots. No use trying to describe them---we couldn't. Please let us show them to you.

REUBEN S. PATTERSON.

Cuba's delicious Vuelta tobacco

Is now successfully grown in the U. S.,--- in three States touching southern Atlantic and gulf waters.

When agriculture was prostrated in Cuba, Bondy & Lederer, of New York started experiments in transplanting young sprouts taken from the Cuban Vuelta Abajos district. Portions of Florida, Louisiana and Texas have long been known to present the conditions of land elevation, soil, sea mists and action of the sun, identical wit the Vuelta Cuban district which is so near those points. The young plants thrived and produced a tobacco exactly the same as grown a few miles across those waters. This leaf was found wholly different from the seed growths of Havana tobacco grown in this country for many years.

After these growths were increased from resprouting and expansive planting until a crop of large proportions was reached, the first cutting was made and stored for curing. After three years of natural curing, its ripe, delicious flavor was found perfect for use in highest priced goods. But the saving of heavy duty and the continually increased supply of this tobacco at last prompted Bondy & Lederer to put this same stock into a five cent cigar; the old brand of the house known as the Tom Keene was selected for its benefit. This is why you find the exquisite flavor in the Tom Keene, never before known in a five cent cigar in this country. Try it, it will be plainly apparent to you.

HIS CAPTIVE MADE ESCAPE

WATCHMAN AT BASS FOUNDRY ROUTS THREE PROWLERS.

Captures One Who Contrives to Get Away in the Darkness—The Police News.

The most exciting thing in police circles last night was the experience of Louis Studer, a night watchman at the Bass machine works. About 10:40 he detected three men, evidently trying to effect an entrance into the store room of the company. The thieves had gained an entrance into one of the rooms on the second story, where belting is stored, and had already taken a quantity of that from the shelves. In another room is stored the brass fixtures, and fine steel, the latter worth about 40 cents a pound, and it was while the burglars were trying to get into the latter named room that the watchman discovered them. Studer was on the ground, but in turning his dark lantern to the side of the building, saw a ladder standing under an opening, and through a window he saw a stranger at work. He called to him to come down and in response to the call three men came, two of whom got away, while the third was nabbed by the watchman, who started with him toward the office for the purpose of notifying the police station. While passing the entrance to the blacksmith shop Studer's attention was momentarily drawn to another man approaching him, whom he at first thought was one of the other men who had come out of the building; the prisoner noticed the distraction of the watchman and by a sudden jerk released himself, darted through the door to the blacksmith shop and was soon lost in the darkness and among the machinery, evidently making his escape from the building through one of the numerous entrances. No reliable description of either of the men is obtainable.

POLICE NOTES.

Police officers were last evening notified that a negro wanted for murder at Pittsburg was supposed to be headed this way. A strange colored man was apprehended, but he gave a satisfactory account of himself and was released.

Dwight Snider, arrested at Toledo, has not yet been arraigned and is suffering from rheumatism so much that he will not be likely to be called for preliminary hearing for several days. Meantime he remains at the county jail.

There was no police court this morning—not even a bicycle case, although there are still five that are untried. City Attorney Shambaugh is again on the sick list and was unable to be present this morning.

WHAT IS FOLEY'S KIDNEY CURE?

Answer: It is made from a prescription of a leading Chicago physician, and one of the most eminent in the country. The ingredients are the purest that money can buy, and are scientifically combined to get their utmost value. Sold by Dreier & Bro. and Pellens & Polster.

Through an error in last evening's Sentinel the name of Joseph J. Baker, cashier of the United States Express company, was made to read Joseph J. Bailey. Mr. Baker's sister, Sister Agneta, died yesterday at Michigan City.

HOLDS UP A CONGRESSMAN.

"At the end of the campaign," writes Champ Clark, Missouri's brilliant congressman, "from overwork, nervous tension, loss of sleep and constant speaking I had about utterly collapsed. It seemed that all the organs in my body were out of order, but three bottles of Electric Bitters made me all right. It's the best all-around medicine ever sold over a druggist's counter." Over worked, run-down men and weak, sickly women gain splendid health and vitality from Electric Bitters. Try them. Only 50c. Guaranteed by Dreier & Bro.

Miss Della McClure, of Chicago, and Mrs. Burkett, of Indianapolis, are visiting their parents here for a few days.

DON'T START WRONG.

Don't start the summer with a lingering cough or cold. We all know what a "summer cold" is. It's the hardest kind to cure. Often it "hangs on" through the entire season. Take it in hand right now. A few doses of One Minute Cough Cure will set you right. Sure cure for coughs, colds, croup, grip, bronchitis, all throat and lung troubles. Absolutely safe. Acts at once. Children like it. "One Minute Cough Cure is the best cough medicine I ever used," says J. H. Bowles, Groveton, N. H. "I never found anything else that acted so safely and quickly." Meyer Bros. & Co.

$100 REWARD, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

The months just passed of the present year have brought bereavement and dark clouds of sorrow to many homes in our land. Fathers, mothers, sisters and brothers have been forever removed by the grim reaper, death. The large majority of such could have been saved had their friends given them Paine's Celery Compound, instead of the worthless medicines the sick ones were forced to swallow.

In many families a too slavish obedience to medical dictation kept the true life saver from the sick and dying ones. Past records of marvelous cures and victories wrought by Paine's Celery Compound were ignored by medical men; in a word, it was unprofessional in their estimation to introduce the life giving Compound.

Ah! Remorse is now doing its quiet but effective work, and those most closely interested are suffering for their neglect.

Will you, dear reader, allow some dear relative or friend to pass from life without making an effort to save the perishing one by Paine's Celery Compound? The virtues and powers of Dr. Phelps' prescription are wondrously far reaching and mighty. Even though your friends have suffered long, and have come to that point where the physician is helpless to save, even then, there is a blessed hope if Paine's Celery Compound is used.

The desperate cases cured in the past and the number of precious lives saved, is the bright, the living proof that Paine's Celery Compound makes sick people well.

BASE BALL NOTES.

Freaks come in base ball just the same as in anything else and yesterday was no exception, as the observing base ball crank may notice. In the National league and the American association the leaders were beaten and in the American league the beating of the leaders was averted only after ten innings of fast play. In the American association Columbus went down before Minneapolis, the rankest kind of tail-enders. The fewest number of hits, 10, was made in the Boston-Chicago (American) game, the largest, 33, in the Cleveland-Philadelphia game in the same league. At Kansas City the game was awarded to Louisville by the umpire, who claimed that the Kansas City club was playing for rain, and at Baltimore the umpire was knocked out by a beer glass thrown by some enthusiastic home-rule member on the bleachers. Otherwise there were no unusual features presented anywhere. The National league cities turned out 4,700 paid admissions, four American league cities furnished 12,700 patrons and in the American association the managers in three cities were forced to content themselves with an aggregate attendance of 1,031.

A LESSON IN HEALTH.

Healthy kidneys filter the impurities from the blood, and unless they do this good health is impossible. Foley's Kidney Cure makes sound kidneys and will positively cure all forms of kidney and bladder disease. It strengthens the whole system. Sold by Dreier & Bro. and Pellens & Polster.

THE MARKETS.

Lower cables and favorable crop weather started July wheat 1c to 1½c lower at 74½c to 74c. There were copious rains southwest and clearer weather northwest. Statistical journals reported the week's growth as promising and conditions generally good. Wheat was fairly good, but heading low in some instances. Trade was not heavy, but there seemed to be little support and at 73c for July a number of stop-loss orders came out which took the price of that option down to 72½c. Local receipts were small at 15 cars. Minneapolis and Duluth reported 186, making a total for the three points of 186 cars, against 138 last week and 125 a year ago.

Good crop prospects, the wheat decline and indifference in foreign markets to conditions here caused corn to dip a little at the opening. Car receipts here, however, were still very small at 81 cars and had a sustaining effect upon the market. July opened 54@54½c to a shade lower at 54c, to 53¾c and dipped to 51½c, but later steadied at 53c.

Oats were again something of a guessing speculation. Prices were a little lower at the opening in sympathy with other grains and the trade was light and unimportant. Reduced receipts had a sustaining effect at the decline as did the discrepancy in prices between July options and cash stuff. July new opened a shade lower at 37½c and sold down to 36¾c. Receipts were 118 cars.

Provisions showed momentary strength at the opening in spite of a weak hog market and the easier feeling in all grains. Some pork was wanted and as offerings were light, for a time prices were better. Trade soon turned very dull and declines were registered in all products. July pork opened 5c higher at $17.10 and sold down to $17.00@; July ribs opened a shade higher at $9.00 and eased to $8.87½, and July lard 2½c lower to unchanged at $10.12½ to $10.15 and hung near the lower figure.

WANTS OTHERS TO KNOW.

"I have used DeWitt's Little Early Risers for constipation and torpid liver and they are all right. I am glad to indorse them, for I think when we find a good thing we ought to let others know it," writes Alfred Heinze, Quincy, Ill. They never gripe or distress. Sure, safe pills. Meyer Bros. & Co.

DEATHS AND FUNERALS.

BOHN.

Mrs. Charlotta Ann Bohn, wife of William A. Bohn, died late Wednesday afternoon at her home, 1853 West Berry street, after an extended illness. For several years Mrs. Bohn had been a sufferer from cancer, and since August last had been confined to her bed.

Mrs. Bohn was nearly 46 years of age. She was born at Wooster, O., July 17, 1856, spent her girlhood there and in 1873 came to Fort Wayne. For nearly ten years following she was a teacher in the Fort Wayne schools. Her marriage to William A. Bohn occurred in 1883. Mrs. Bohn was a most admirable woman, possessing to a marked degree the rare graces and culture that made both her home and her social life ideal. She was a devoted member of Trinity Lutheran church.

Surviving are the husband and three sons—Frank, Gerald and Richard Bohn. Peter and Frank D. Smyser are brothers, and Miss Mary Smyser a sister of the deceased.

Funeral services will be held from the residence Saturday morning at 10 o'clock, Rev. Wagenhals officiating.

PARKER.

Nathaniel Parker, a pioneer citizen of Allen county, died Wednesday at his home in Poe from paralysis at the age of 79 years.

Mr. Parker was born at Parkersburg, W. Va., and came to Allen county more than sixty years ago. He was a prominent farmer, highly respected, and for more than half a century had been a devoted member of the Christian church. Surviving are two daughters and a son—Nathaniel Parker, of Maples; Mrs. Sarah Kramon, of El Reno, Okla., and Mrs. Louisa J. Martin, of this city.

Funeral services are to be held from the residence in Poe Friday morning at 10 o'clock.

FUNERAL ANNOUNCEMENTS.

Burg.—Funeral services of Nicholas Burg will be held Friday morning at 8:30 from the residence, 332 Montgomery street, and at 9 o'clock from St. Mary's Catholic church.

Auer.—Funeral services of John H. Auer will be held Friday morning at 8:30 from the residence, 103 Wells street, and at 9 o'clock from the Church of the Precious Blood.

Welker.—Funeral services of Mrs. Rachel D. Welker will be held Friday afternoon at 2 o'clock from the residence of her daughter, 1415 Hurd street. Rev. Lake will officiate.

Krauba.—Funeral services of Carl Krauba will be held Saturday afternoon at 2 o'clock from the residence, 1303 Jackson street, and at 2:30 from Emanuel's Lutheran church.

Kensill.—Funeral services of John C. Kensill will be held Friday afternoon at 1:30 from the residence, 613 Holman street, and at 2 o'clock from the Third Presbyterian church. Members of Anthony Wayne post, G. A. R., will meet at the court house assembly room Friday at 1 o'clock to attend the service.

WHY SUFFER WITH NERVOUS DYSPEPSIA?

Nervous Dyspepsia is a very common trouble now-a-days, and differs from common, ordinary, every day indigestion, only in the cause. Common, old-fashioned indigestion comes from over-feeding, hurried eating, failure to chew the food thoroughly—a greasy, fatty, doughy, pasty diet. Nervous Dyspepsia comes from hurry, worry, care, trouble or excess. The stomach nerves are weakened, they fail to regulate the stomach juices; the supply is insufficient; food is not digested; distresses; rests heavy; gets sour; repeats; ferments; gas forms; water brash occurs; the stomach becomes irritable, inflamed, painful or burns; you grow irritable, nervous, restless, morose, sullen, can't sleep, are hungry and afraid to eat, lose weight and strength. It is here Dr. A. W. Chase's Nerve Pills comes as a blessing—giving to the nerves a strength they lack, and through them to the stomach the power to again properly handle and digest the food; to the system generally a new found strength and vigor—a condition that can be brought about by no other medicine known to science.

Barr Street.

Mrs. J. Lasmmle, of No. 62 Barr St., Fort Wayne, Ind., says: "From a faithful use of Dr. A. W. Chase's Nerve Pills in my house with a relative whose stomach was very weak and would hardly retain food when eaten, though hungry all the time, and the results obtained in the making strong of the stomach and digestion again with an ability to retain food eaten I can recommend the medicine to others affected in a like manner as reliable, safe, certain and easy of action. Meyer Bros. & Co. are to be commended for introducing them."

This shaped box—no other

Superior Street.

Mrs. T. Webb, of No. 57 Superior St., Fort Wayne, Ind., says: "Dr. A. W. Chase's Nerve Pills I get at Meyer Bros. & Co.'s drug store is a very fine all-round regulator and tonic to the nerves, blood, digestion and system generally. I felt generally wrong in every way and debilitated. The medicine built me up, steadied the nerves and regulated the digestion finely. I think as I said before it is a fine all-round tonic and regulator."

Beware of Imitations. Signature and portrait of Dr. A. W. Chase on each box of the genuine. For sale by dealers, 50 cents a box, or Dr. A. W. Chase Medicine Co., 257 Washington St., Buffalo, N. Y.

Pretty Children

"We have three children. Before the birth of the last one my wife used four bottles of MOTHER'S FRIEND. If you had the pictures of our children, you could see at a glance that the last one is healthiest, prettiest and finest-looking of them all. My wife thinks Mother's Friend is the greatest and grandest remedy in the world for expectant mothers."—Written by a Kentucky Attorney-at-Law.

MOTHER'S FRIEND prevents nine-tenths of the suffering incident to childbirth. The coming mother's disposition and temper remain unruffled throughout the ordeal, because this relaxing, penetrating liniment relieves the usual distress. A good-natured mother is pretty sure to have a good-natured child. The patient is kept in a strong, healthy condition, which the child also inherits. Mother's Friend takes a wife through the crisis quickly and almost painlessly. It assists in her rapid recovery, and wards off the dangers that so often follow delivery.

Sold by druggists for $1 a bottle.

These Physicians Cure Where Others Fail.

High integrity and honor, skill and experience, expert treatment and positive cure are the attributes that have made THE INDIANA MEDICAL INSTITUTE famous throughout the land for the past twenty years.

SPECIAL NOTICE.

For 20 years the Indiana Medical Institute has been a fixed fact, and it will remain so. It is as standard as American gold.

The success of Dr. Tucker as a specialist consists in his knowing how to treat all Private and Chronic Diseases better than any other doctor in this state, and it is this knowledge that has given him his immense practice. Most of the unhappiness, sorrow, misery and suffering in this world comes from being sick. If you are sick call on DR. TUCKER, AT THE INDIANA MEDICAL INSTITUTE, NO. 10 WEST WAYNE STREET.

NEW NIGHT CHIEF

EMIL URBAHNS RECEIVES NICE PROMOTION.

SUCCEEDED BY JOHN HUGHES

WHO BECOMES REGULAR TRAIN DISPATCHER.

WABASH DIDN'T BUY C. & H. V.

STORY OFFICIALLY DENIED FROM HEADQUARTERS.

Supt. S. K. Blair has appointed C. Emil Urbahns chief night dispatcher of the western division of the Nickel Plate and has advanced John Hughes from extra dispatcher to the position which Mr. Urbahns will vacate. This change has been brought about through the resignation of J. S. Evans, who went to an important position in Colorado a few months ago. The appointees are excellent railway men and very popular socially and their advancement is no more than just recognition of their worth. Mr. Urbahns came from Valparaiso, where he learned telegraphy in the office of the Nickel Plate. He came here twelve or thirteen years ago and for several years was an operator in the main office of the company. He has been a dispatcher for the past five or six years, working alternately on the Third and Fourth districts, and is perfectly familiar with the road and the duties he will have to perform when he assumes his new office. John Hughes came here eight or ten years ago from Muskegon and was employed as operator at the yard office two or three years. From that place he went to the main office, where he worked as operator and later as extra dispatcher ever since. These promotions become effective next Sunday.

A FEW ACCIDENTS.

Charles F. Lahmeyer, a carpenter employed at the Wabash shops, while in the act of shifting the pulley belt allowed his left hand to come in contact with the saw and the back of the second finger was cut to the bone. Dr. Porter attended him.

Ross Gardner, Pennsylvania yard conductor, was struck in the breast with the end of a heavy chain he was pulling from an engine yesterday and will be off duty in consequence a few days. During Mr. Gardner's absence Earl Repine will have charge of engine 115.

Machinist F. J. Hess, of the Pittsburg, has a badly bruised and swollen right hand, the result of a misdirected blow with a hammer. He continues at work. C. V. Zollinger, of the lumber yards, fell and sprained one of his wrists yesterday, and John Rupp, of the smith shop, had one of his eyes burned with a hot scale of iron.

HE FELL FROM THE TRAIN.

W. S. Cutshall this morning received an Altoona paper giving the particulars of the accident to his brother-in-law. The following is the account: "Neely Myers, a conductor on the Pittsburg division, narrowly escaped death Saturday evening at Allegrippus about 8:45 o'clock. In some way he fell from his train and fortunately his body fell clear of the tracks. His left arm was caught under the wheels and ground off at the shoulder. The injured man was found by the track watchman at 9 o'clock and immediately sent to this city and admitted to the hospital, where his injuries were dressed. He was resting as comfortably as could be expected last evening."

SHOPS WILL CLOSE.

The Pittsburg boiler shops will be closed tomorrow and the men will turn out in a body at the funeral of their late comrade, Capt. J. C. Kenaill. The other departments will run, but there will be a good many men from them in the procession tomorrow, also, it being the privilege of any who may wish to attend the funeral to do so.

REPORT OF SALE DENIED.

New York, May 22.—Reports that the Columbus, Sandusky and Hocking railroad had been acquired by the Wabash road were officially denied today.

INDUSTRIAL NOTES.

Pittsburg Engineer D. Baltzell is off duty on account of sickness.

P. E. Kimmell, a truckman, and Bert Flowers, a fireman, of the Pittsburg, are sick.

William Stephan will leave this week for St. Louis on business for the Pennsylvania company.

The Base company today shipped a 14x36 Corliss engine to the Metric Metal company, Erie, Pa.

Machinist Walter Adams went to Monroeville this morning to repair some windmill machinery.

Mrs. C. Vardaman, wife of the Nickel Plate brakeman, is sick and her husband is unable to take his run out on that account.

John Spanburg has taken a position at the Electric works.

George Seaman, of the Wabash shops, resigned to engage in other work.

Mr. and Mrs. C. E. Ackley, of Detroit, are visiting Mr. and Mrs. C. J. Seibold, of 1119 Cass street.

Tinner H. J. Motherwell and Machinist Michael Ehrman, of the Pittsburg, are sick and off duty.

Fred Tegtmeyer, machinist at the Wabash shops, is confined to his home with a severe attack of rheumatism.

Nickel Plate Conductor J. F. Long, who had been in Ohio visiting his parents, resumed his duties on the road yesterday.

Foreman John B. Wagner, of Rhinesmith & Simonson's, yesterday moved from Brackenridge street to 1201 Griffith street.

J. B. Barnes, motive power superintendent of the Wabash, left on the Continental limited at noon today for his home in Springfield.

Caller Frank Cole has been transferred from a night to a day job on the Pittsburg and Earl Wise has been employed as night caller.

Nickel Plate Firemen Nin Kohlman, A. Williams and J. Brenenkant are off duty, the former for the purpose of visiting his folks in Ohio.

Mr. and Mrs. Ed Gebhart will go to Blue Lake next week for a ten days' stay with Landlord and Mrs. Frank Closs. Mr. Gebhart is employed in the Wabash boiler shop.

The committee on grounds for the Pennsylvania employes' excursion will go to Rome City tomorrow to arrange for the field and water part of the program of the day.

Andy Koons, the painter, who had some toes broken a week ago, is out of the house for the first time since the accident. It will be some days before he can resume work.

A big "booster" to the Electric Storage Battery company, Pittsburg, and a five-horse power motor to Richmond were among the shipments from the Electric works today.

Hon. J. H. Bass went to Chicago this morning to attend the funeral of the late Andrew Wallace, whose death was mentioned in The Sentinel yesterday. Mr. Bass is a pall bearer.

A regular train on the Nickel Plate was hauled last week from Buffalo to Conneaut, 116 miles, in 148 minutes, making five stops, and being the fastest run ever made on that division.

John Houlihan, one of the best known machinists in the city, has retired from a position in the Wabash shops that he has occupied for a number of years. He has secured employment elsewhere.

The Lake Shore will run an excursion to this city on the occasion of the Ringling Bros.' exhibition here on May 31. The train will start from Hillsdale, picking up excursionists at all points en route.

Robert Taylor, machinist, sent a box of fine cigars to the shop this morning and also, incidentally, the news that he was papa to a baby girl. The little one weighs ten pounds and is very pretty.

Aaron Greensfelder has returned from Logansport, where he attended the funeral of Chief Engineer W. S. Lincoln, of the Wabash. Eli Greensfelder, a brother to Aaron and a leading business man in Logansport, was one of the pall-bearers.

Conductor M. J. O'Meara, of the Lake Erie and Western, has recovered from an affection of the eyes and has resumed his duties on the road. M. H. Doctorman, of the same road, is attending a law suit in which the company is interested, and Conductor Harry Stonecifer is "doubling" in the meantime.

William Young, foreman of the Springfield 'smith shops of the Wabash, was the guest of Foreman C. L. Hepp, of the shops in this city, in a trip about town yesterday. They called at the Pittsburg shops and saw many of Mr. Young's old friends and also paid the court house a visit. Mr. Young expressed great surprise at the growth of the city since he ceased to be a resident.

C. F. Tegtmeyer, a brother to William Tegtmeyer, of the Wabash machine shop, is in the city for a visit with relatives and friends. He is now general yardmaster of the Galveston, Houston and San Antonio road, with headquarters at El Paso, Tex., and this is his first visit to Fort Wayne since he left for the south, fifteen years ago.

Blacksmith Thomas Williams, of the Pittsburg, is one of the many employes of that company who by steadiness and frugality have accumulated a little for the proverbial "rainy day." He is building a dwelling house in the east end, which will be his home when completed.

CURING CONSUMPTION.

When Scott's Emulsion makes the consumptive gain flesh it is curing his consumption.

Exactly what goes on inside to make the consumptive gain weight when taking Scott's Emulsion is still a mystery.

Scott's Emulsion does something to the lungs too that reduces the cough. More weight and less cough always mean that consumption is losing its influence over the system.

Scott's Emulsion is a reliable help.

NO HUMBUG HERE.

Fort Wayne Endorsement is What Counts With the Fort Wayne Public.

You can't fool the public all the time.
They will find you out at last.
Every time a man is fooled
Another skeptic is made.
Many the remedy that makes the skeptic
Because it fails to keep its promises.
Doan's Kidney Pills bring renewed reward.
They cure the skeptic.
Plenty of proof of this at home.
Fort Wayne proof for Fort Wayne people.
Here's a case of it.

Mrs. Mary Gerdes, corner Putnam and Oakland streets, says: "I am not naturally very strong, so when my kidneys became affected I was hardly able to do any housework. My back ached very badly and I could not stoop even when I was feeling at my best. Being told about Doan's Kidney Pills and advised to try them, I procured a box at Meyer Bros. & Co.'s drug store and took them as directed. They were just what I needed, for in a few days my backache disappeared."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no substitute.

GONE TO EVANSVILLE.

A party of Fort Wayne physicians left today for Evansville to attend the annual state meeting of the Indiana State Medical association, which opens tomorrow and continues over Saturday. Papers will be read by the following Fort Wayne specialists: "Clinical Association of Cancer and Tuberculosis," Dr. McCaskey; "Intra-Nasal Surgery," Dr. Bulson; "Vaso-Motor Nerves," Dr. W. F. Whery; Carbolic Acid," Dr. Boyers.

HURT IN A RUNAWAY.

John Boone, jr., a farm hand employed by James A. Reilly on the Sledd farm, northwest of the city, was painfully hurt in a runaway Wednesday. A horse Boone was driving ran away and Boone, realizing that he could not regain control of the animal, jumped from the buggy while the horse was galloping. He alighted on his feet, but with such force that the ligaments of his right ankle were torn. The accident will confine him to his bed for many weeks.

AGREEMENT DIDN'T STAND.

Fort Wayne manufacturers of ice cream were unable to make a recent agreement governing the sale of their product to dealers stand, and this morning returned to the old basis. The ice cream has been sold to dealers at a price which included re-icing of the stock twice daily during the warm weather at the expense of the manufacturer. The attempt was made to break away from this re-icing proposition and many of the manufacturers had signed an agreement which meant that the soda fountain man and the restaurant man must look after the preservation of their own stocks. It lasted but a day.

The Monday Night Dancing club gave a "commencement" at the Hanker academy last evening, marking the close of the club season. The event was a very enjoyable one, participated in by club members and invited guests. A very pretty feature of the program was the dancing of Miss Flora Cook, who gave a number of fancy dances in a manner that elicited much applause.

The meeting of the Women's Missionary society of the Third Presbyterian church, to have been held Friday afternoon, has been postponed one week on account of the funeral of Captain Kensill.

CERO-FRUTO

"An All-Day Food"

Wheat and Pure Fruit Combined.

is a perfect food. It is sustaining to a wonderful degree. It is also very satisfying. Through its use the digestive apparatus is not overworked. Instead of experiencing a feeling of uncomfortableness after eating one feels positively refreshed on the completion of the meal of CERO-FRUTO. This is because the greatest amount of nutritive energy with the least degree of digestive exertion is obtained.

Do not over-feed the stomach—if you value your health. It rebels at innutritious, indigestible and unpalatable food. Why should any such be forced upon it? Why eat twenty-two pounds of cabbage when one pound of CERO-FRUTO will furnish an equal amount of nutrition, to say nothing of the time saved in the eating of it?

CERO-FRUTO is, in the opinion of many, the most delicious and healthful food ever put on the market. It is not merely a "breakfast-food," but is adapted, admirably adapted, to morning, noon or evening meals. It is a purifier of the blood, a stimulant for the brain, a tonic for the nerves and a builder of muscle. It possesses 100 per cent nutritive value. It is a combination of the best wheat with the best of fruits. The remarkable thing about it is that the "fruit flavor" is easily distinguishable. It is equally well adapted to all ages and all conditions of the digestive system. Being thoroughly cooked, pre digested and sterilized it is ready to eat whenever wanted. Sold by all grocers.

Samples sent free for the asking. Address—

(Established 1897.)

I CURE (TO STAY CURED)

Bricocele, Nervous Debility, Blood Poison and all Vital Weaknesses and Diseases of Men.

VARICOCELE is one of the most prevalent, insidious and serious diseases. The cause is stagnation of blood in the veins, first sign an itching and dragging weight. It is known to the medical profession as a great menace to body and mind. It steals your vitality, robs you of your mental faculties, destroys your ambition. If not cured may end in insanity and death; you must be cured.

DO NOT DESPAIR! Rouse Yourself and Be a Man.

Consult a Specialist who will positively cure you. Delays are dangerous—Tomorrow may be too late.

Dr. Gasaway's Treatment
MEANS

(To the Nervous and Circulatory System.)

VARICOCELE

Nervous Blood and Skin Diseases, Cured to Stay Cured.

Associate Diseases.

In curing a disease of any kind I never fail to remove all reflex complications. If the case is Varicocele, the weakness caused by it disappears. If it is Stricture, and has developed into Prostatic, Bladder or Kidney affections, the injured organs are all restored to a perfectly healthy condition. If it is contagious Blood Poison, any and all Skin, Blood and Bone diseases arising from the taint are entirely and permanently eliminated from the system. If it is Nervous Debility, the many distressing symptoms following in its train and indicating a premature decline of physical and mental power are totally removed and rapidly replaced by the youthful energy of robust manhood. Hence all resulting ills and reflex complications which may be properly termed associate diseases, and which, in fact, are often more serious than the original ailment that gives rise to them—all, I say—disappear completely and forever with the cure of the main malady.

A Fair Proposition.

When I tell you that I have a positive cure for Nervous Diseases, Varicocele and all Pelvic diseases, and offer to prove to you by documental evidence, that is backed by over 1,000 living testimonials, have you the right to disbelieve the statement without investigating its truth? Is not your health and future happiness worthy of your time and trouble to substantiate the truth of my assertions? When I offer you a thorough personal examination FREE, and then explain to you how I can cure you, how long it will take and how much it will cost you, is it not worth the effort to call; or if you are out of the city, to write me in detail, giving an exact description of your trouble and its present advancement? You will receive by return mail a correct diagnosis of your ailment free. Undoubtedly you have never been examined by a specialist, one who can correctly and minutely explain in simple language your exact condition.

The Blaising divorce case was finally settled yesterday afternoon by the issuance of a decree to the plaintiff and an order directing the defendant to pay the sum of $5 per month for the support of their child, whose custody remains with the mother, the plaintiff.

IN JUSTICES' COURTS.

More intelligence than is usually expected of a newspaper reporter would be required to keep accurate track of the Woodburn muddle, referred to during the past few days in these columns. In Bullermann's court the latest returns indicate that Nora Rush pleaded guilty to a charge of assault and battery on Stella Johnson, that the storage capacity of Martin, alias "Red" Baker, had not been fully demonstrated to the court and therefore judgment in his case was still under consideration. The other cases before Bullermann were let go until after the disposition of the primary cases supposed to be considered and tried before Justice France this afternoon. If the lawyers and the witnesses hold out, it looks as though Woodburn, in the various courts, will give a continuous performance until about Saturday night.

Sleep

is Nature's time for repair; and the man who does not take sufficient time to sleep or who cannot sleep when he makes the effort, is wearing out his nervous strength and consuming his vital power. Dr. Miles' Nervine brings sweet, soothing, refreshing sleep. Don't let another night pass. Get it to-day.

"I am a druggist, so when I was troubled with insomnia a few years ago I took Dr. Miles' Nervine and found immediate relief. I have not been troubled with that disease since."

NOT TENNYSON

Each day we've something new to show,
It is our great endeavor,
And other stores may come and go,
But ours is here forever.
We'll do the most to hold your trade,
And always treat you fairly;
So buy of us the best that's made,
You'll find it elsewhere rarely.

RAPID! EASY! SIMPLE!

A new application of the old principle of freezing Ice Cream. The "Ideal" freezes cream in two minutes. It requires only fifteen pounds of ice and five pounds of salt. No repairs needed, as it has only four parts. Has an indurated fiber tub, which is the best non-conductor of heat or cold known. No hoops to fall off or staves to shrink and cause leaky seams. No overflow from the tub to slop the floor. No repacking necessary to keep Cream five hours. Ice compartment is only filled once. No liquified ice and salt can ever get into the Cream. This is the Freezer used by Mrs. Hiller in her cooking exhibits. You will want one.
